**Re. Appointment of Chris Meehl to the Transition Support Team**

Brothers,

The Congregation Leadership Team is delighted to announce the appointment of Br. Chris Meehl to the Transition Support Team. It is increasingly clear to us that the task of preparing Brothers and establishing clusters of new communities is a very complex one that demands a wide range of skills as well as a huge personal commitment on the part of the men on the TST.

We are very grateful to Chris who has agreed to join the Transition Support Team. Chris was involved in the initial selection process and has been an enthusiastic promotor of the vision of *Our Way into the Future* among our Brothers since the beginning. As well as his personal commitment to the vision, he brings a range of experience and skills to the team.

We appreciate, also, the generosity of the Province Leadership Team of the Oceania Province. While dealing with the complex demands of leadership at this time, they have been willing to free Chris to take on this important role in the renewal of our Congregation.

Praying God's blessing on Chris and the other six men who have taken on this ministry of transformation among us,

**John Casey**  
on behalf of the Congregation Leadership Team
